# ESG EXCELLENCE: REPORTING AND PERFORMANCE FOR PLCS

---

## Workshop Overview:

This two-day workshop on Sustainable Business Strategies for Public Listed Companies (PLCs) will provide participants with a comprehensive understanding of sustainability in a corporate context.

Attendees will explore environmental, social, and governance (ESG) strategies, learn how to measure and report sustainability performance, and engage in practical activities to create their own sustainability reports.

Through case studies, best practices, and interactive sessions, participants will gain the knowledge and skills needed to integrate sustainable practices into their publicly listed organizations effectively.

## Learning Outcomes:

- Understand the key components of sustainable business strategies for public listed companies.
- Learn methods for measuring and reporting sustainability performance in public listed companies.
- Create a comprehensive sustainability report tailored for public listed companies.
- Explore best practices and case studies of successful sustainability initiatives in public listed companies.
- Identify financial incentives and certification processes specific to public listed companies.

# Workshop Schedule

### 16:45 – 17:00: Q&A and Closing Remarks

- Final questions and answers
- Summary of the workshop and key takeaways
- Closing remarks and next steps

# Trainer Profile

---

Yeo Yan Yin, Amanda is a sustainability consultant/trainer. Before venturing into the ESG space in April 2023, she spent her first 2.5 years in the Sabah state government (from 2018 to 2020) and another 2.5 years in a local think tank, EMIR Research (from 2020 to 2023).

In her first year in the sustainability sector, Amanda dedicated her initial six months to promoting sustainable packaging with the Malaysian Recycling Alliance (MAREA). Subsequently, she spent another six months at PwC Malaysia, developing sustainability strategies focused on energy transition and circular economy.

Amanda earned her MSc (International Relations) at Nanyang Technological University, Singapore and BSc (Economics and Finance) from the University of London. Currently, Amanda aspires to continually upgrade herself with different skills and expertise, particularly in the areas of sustainability reporting, to keep pace with the growing importance of ESG (Environmental, Social and Governance) in today's world.

## AIHQ's Philosophy

---

At AIHQ Training and Consultancy, our philosophy is rooted in the belief that AI tools like ChatGPT should **augment human skills**, not replace them. We're committed to integrating AI into professional workflows in a way that **enhances human capability and productivity**.

Our consultancy ethos is guided by the principle of '**Expertise meets Guidance**'. We are experts in AI tools and their application, while our clients are masters of their respective fields. Thus, we strive to empower them with **hands-on training and practical application strategies** for effective AI and ESG integration within their unique work environments. Our role is that of a catalyst, sparking a transformation that enables businesses to innovate from within.

When it comes to our training programs, we prioritise **active engagement and personal empowerment**. Each course is designed to allow participants to navigate AI and ESG in the **most productive and rewarding way**. Our training goes beyond rote learning of AI tools; we focus on helping individuals understand the landscape, industry trends, and practical applications of ChatGPT.
